Is there something you would like to see changed? Maybe it's a law to protect wildlife. Or, you think dental care should be free in Canada. You can start or sign a petition.

What is a petition?

A petition is a document that people sign to change something. If lots of people sign, a petition can help change things. You can start or sign a petition online. It is free at change.org.

Allow dogs on restaurant patios in British Columbia

 Patrick Carle started this petition to Government of British Columbia and 2 others

Sign this petition if you think restaurant owners in BC should have the choice to allow dogs on their patios. The Food Premises Regulation of the BC Public Health Act states that "an operator of food premises must not permit live animals to be on the premises". This is over regulation! Responsible dog owners should be allowed to enjoy a meal on the patio with their loyal furry companion. Wouldn't it be great to spend a day on the town without having to worry about what to do with woman and man's best friend when you need to stop for a cold brew? There are many other places in the world that allow dogs on restaurant patios and even inside restaurants such as Great Britain, France, Switzerland, Germany, California, New York, Florida, Alberta and Quebec to name a few. Please sign this petition and let's lift the stigma of dogs on patios in BC!

492 have signed. Let's get to 1,000!
