Answers will vary. One possible response:

- Hand sanitizer
- Warm clothes
- Flashlights
- Reflective pieces

Staying safe

Answers will vary. One possible response:

To keep my family safe, I will make sure my children wash their hands before we leave and after they come home. We will use hand sanitizer if they eat any treats on the go. They will wear warm costumes with reflective pieces.

To keep others safe, we will trick-or-treat in small groups. We will leave room on the sidewalk for other groups.
