
Staycation vacation

This summer, take a staycation. A staycation is a stay-at-home vacation.

You can do fun things in your own town or city. You don't have to spend money on travel, airfare or hotels.

What to do:

- Go on walking tours. Learn about history, architecture and art from a local expert. Many guided tours are free or only cost a little.
- Get outdoors. Go for a walk or find a trail and go hiking. Rent a bike.
- Go on a scavenger hunt with your family. Make a checklist of things to find like a statue, a bird, a flag or other things.
- Look for discounts. On certain days, many places offer deals on admission fees. Check before you go to find a good time to visit.

These people are enjoying the outdoors.
