
Make a snowman card!

When you give someone a card, it shows you care. Here is a card you can make yourself. A homemade card can be special.

What you need:

- white cardstock paper
- orange paper
- pink paper
- a black marker
- scissors
- glue stick

Make your own snowman card.

What you do:

1. Fold a piece of white cardstock in half.
2. Cut out a carrot shape using the orange paper.
3. Cut two circles of pink paper for the snowman's cheeks.
4. Glue the two pink circles halfway between the top and bottom of the card. They can go past the edge of the card.
5. Glue down the nose. It should be between the two cheeks.
6. Use the black marker to draw eyes and a smile. Add details to the nose.
7. Trim the edges of the cheeks to fit the card.
8. Write a nice message inside the card.

For example: Happy Holidays. I made this card just for you.
